As per our past years' experience, the final figure is certainly going to be an improvement over past years' figures. The illustrative list of profiles offered to the placed students includes Risk Advisory, Consulting, Relationship Management, Business Development, Marketing, Wealth Management, Credit Analyst, Business Analyst, etc.

One significant feature of the Campus Recruitment process, this year has been the addition of new companies including MNCs that have offered placement offers to students.

As per the tradition of earlier batches, the cohort wise placements process continues and is concluded just before the students are through with their final examination formalities so that they are ready to join as soon as they graduate.
