## About SAMAVESH

Samavesh is a 2-day educational event focusing on the integral change that effects the organization's ability of progress along with exponential growth of computer processing in this information age and its impact on ever evolving global economy, change is not the normal state of business.

## INVITATION

With potential groundbreaking HR technology solutions emerging, we are seeing a tech boom that is fundamentally reshaping the way we work. Staying compliant has often been a major challenge for HR teams but as technology improves, solutions have been streamlined. Business that embrace technology for compliance will come out on top, with more attractive recruiting efforts. In this context 'SAMAVESH 4.0' brings to you a whole new experience of the future of HR with technology in corporate world. It is where meaningful conversations takes place among the professionals and businesses to create an ecosystem of brilliance in the domain of work technology. On behalf of School of Petroleum Management, PDPU, please accept our heartfelt invitation.
