The University offers programs to address the need for trained human resources in the domains of Science, Technology, Management and Humanities. It intends to broaden the opportunities for students and professionals to develop core subject knowledge which are duly complemented by leadership training interventions, thereby helping the students to make a mark in the global arena. This objective is being further addressed through a number of specialized and well-planned undergraduate, post-graduate and doctoral programs as well as intensive research projects.

ABOUT SPM

The Management School was first established as the Institute of Petroleum Management, Gandhinagar (IPMG) in 2006 by GERMI (Gujarat Energy Research and Management Institute), established as a trust and a society by GSPC (Gujarat State Petroleum Corporation), a Government of Gujarat undertaking. Subsequently in 2007, when GERMI established Pandit Deendayal Petroleum University, IPMG became the constituent of PDPU and changed the name to School of Petroleum Management (SPM).

ABOUT BMS 2019

Recently, Indian Prime Minister Shri Narendra Modi has set a goal of \$5 trillion for India's GDP by year 2024, expressing confidence that though difficult but the target is achievable. It will need India to grow at a rapid pace over the next 5 years. The PM having set the tone, wants to galvanize the nation towards this path of economic development. Achieving such an aspirational growth target calls for pulling all the economic growth levers - investment, consumption, exports, and across all the sectors of Indian economy. Business Management Symposium (BMS) 2019 organized at School of Petroleum Management (17th & 18th October, 2019) has taken up the initiative to engage with experts from manufacturing and services sectors of Indian economy to deliberate on this aspirational milestone for Indian Economy. Important takeaways from the expert panel discussions in BMS will be of immense benefit to all important stakeholders including Business School Graduates who shall be joining industry shortly and who shall contribute their own bit to achieve the economy goals.
